OLLI Course Descriptions

◆ Gravity, Dark Matter and Dark Energy

Instructor: Robert Joseph, Prof. Astronomy UHM

Dates: Tuesday, July 24 and Wednesday, July 25

Time: 10 am to Noon

Location: Krauss Hall 112

Description: This two-day course will provide an overview of grand unified theories and multi-dimensional universes. We'll explore how observations interpreted with Newtonian gravity led to the idea that about 30 percent of the matter in the Universe is in some "dark" form that does not emit light. And we'll look at even more bizarre observations that suggest that the expansion of the Universe is *accelerating*, and that there must be some form of "dark energy" present whose equivalent mass is about 70 percent of the total mass in the Universe. We'll explore how speculative theories about high-energy particle physics can account for these phenomena, but, at the same time, also raise many new questions such as how many dimensions *are* there? And are there any astronomical tests that might, in principle, confirm such theories?

Along the way in this discussion, we'll briefly review the history of astronomy and examine how the work of Copernicus, Galileo, Kepler, Newton, Planck, Borh, Mach, Einstein and others provided a scientific framework for studying the expansion of the Universe and the Big-Bang cosmological model. Emphasis will be given to evolution of the conceptions of space, time and motion, and to current multi-dimensional ideas arising from string theory that impact astronomical observation and discovery.

◆ **Washington Place: Tour the Executive Mansion**

Date: Friday, June 22

Time: Meet at front entrance at 9:50 am

Location: 320 South Beretania Street

Tour Limit: 24 only

Description: As a newly-designated national historic landmark, Washington Place reflects some of the most important historical and cultural developments in Hawaii's history. The former home of Queen Lili'oukalani, the last reigning monarch of the Hawaiian Kingdom from 1862 to her death in 1917, now serves as executive mansion for Hawai'i's governors.

Construction of Washington Place was begun in 1842 by the wealthy trader Captain John Dominis. Shortly before the home was completed in 1847, Captain Dominis was lost at sea during a voyage to purchase household furnishings. His wife, Mary Dominis, supported herself and her teenaged son, John Owen Dominis, by renting rooms in the large home. One of the first tenants, The U.S. Commissioner, inspired the naming of the home on George Washington's birthday in 1848, and King Kamehameha III commanded that the name Washington Place be retained "in all time coming." Mary's son John Owen Dominis later met and married the Honorable Lydia Kamaka'eha Paki. She was later named heir to the Throne by her brother King David Kalakaua and given the name Lili'uokalani.

The 45-minute tour of Washington Place explores the Mary Dominis Parlor, Queen Lili'uokalani Parlor and Bedroom, State Dining Room, The Blue Room, and Grand Lanai.

Registered tour participants must present a valid photo ID to the deputy sheriff at the property entrance. Still photography is restricted to home's front exterior. Video cameras are not allowed on property. Guests are permitted to bring handbags, but nothing larger. Tour guidelines and parking information will be sent to registered participants. Tour group is limited to 24 only.

Time: 1 pm to 3 pm

Location: Krauss 113-B **Enrollment limit:** 12

Description: The way we live our lives affects both our physical health and our psychological well-being. Working on our lives can be as important as caring for our bodies. We will pose a series of “life questions” and pursue our own answers through reading, discussion, and novel “explorations” (exercises). We will learn the vital roles of “caring presence” and “caring discloser” as we support each other and share our work and our lives. This process requires regular attendance. We will prepare in advance of each meeting by completing a brief chapter in the workshop’s “lifebook” and *writing out* its exploration. Writing is an essential part of this work.

NOTE: The lifebook is available at Professional Image, 1633 S. King, 973-6599. Validated parking is available on the makai-Diamond Head corner of King and University. Call ahead to have a copy prepared for you. If you are 55 or older, order *The Illuminated Life: Your Third Age Lifebook*. If younger, order *The Illuminated Life: Your Lifebook*. Cost: \$15.15 (includes tax).

Required preparation: Before coming to our June 18th meeting, read lifebook Chapter 8 (Potential) and write out your response to Exploration 8 (*Small Terrors, Secret Heroics*).
